

# World-Class. World-Wide.

The shipbuilding expertise of Fincantieri is unrivaled. With 21 shipyards on three different continents, nearly 20,000 employees, and a rich history of building more than 7,000 ships, Fincantieri ranks as the industry leader in technological innovation.

Fincantieri's impressive resume is a perfect fit with Bay Shipbuilding Company's expansive facility, their computer controlled manufacturing equipment, and the BSC team of shipbuilding's finest master craftsmen. We'd like to tell you more about how Bay Shipbuilding Company can provide cost-effective solutions for the new construction, repair, or conversion needs of your fleet.
